The final section of the report presents a forecast for the development of the market based on three scenarios - base, pessimistic, and optimistic. The forecast section answers:

How will the radios market in Namibia look like over the next six years in both volume and value terms for each possible scenario?

Short Methodology

This research report has been prepared with WMStrategy's research methodology, which includes a blend of qualitative and quantitative data. The information comes from official sources and includes insights from local market experts (representatives of the main market participants), gathered by semi-structured interviews.

For this particular report, more than 10 interviews have been conducted with market experts from the leading companies (producers, distributors, retailers, suppliers, etc.). The full list of interviewed experts and a detailed methodology are available upon request.

Customization

The report will be updated as of the current month of purchase, which is why it will be dispatched within five working days after order confirmation. If the report is missing data points you need, it can be amended to fit your specific requirements and satisfy your individual objectives and information needs. Contact us for more information!

Report Benefits
