Abstracts

This report presents a strategic analysis of the phenols market in North East Asia and a forecast for its development in the medium term. It provides a comprehensive overview of the market, its dynamics, structure, characteristics, main players, growth and demand drivers, etc. This is the most detailed and comprehensive report about the phenols market in North East Asia currently available!

The purpose of the report is to describe the state of the phenols market in North East Asia, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the next five years. In addition, the report presents an elaborate analysis of the main market participants, price fluctuations, growth and demand drivers of the market and all other factors, influencing its development. It also focuses on the overall installed production capacities in each country within the region along with the main producers on the market, the technologies each of them uses and the average utilization rates.

This research report has been prepared using the unique WMStrategy's methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the phenols market in North East Asia covers the following countries: China, Hong Kong, Japan, North Korea, South Korea, Taiwan.

The report on the phenols market in North East Asia includes:

Analysis and forecast for the economy of North East Asia;

Analysis and forecast for development of the market volume (market size), value and dynamics;

Market breakdown (by origin, by country, etc.);

Volume and dynamics of all installed capacities for the production of phenols in North East Asia and forecast for their development in the medium term;

Breakdown of all installed capacities for the production of phenols in North East Asia by their owner and operator companies and countries;

Main technologies used for producing phenols in North East Asia in the main plants of each of the domestic market players;

Average annual utilization rates for the production of phenols in North East Asia and forecast for their development in the medium term;

Country information - breakdown by country for all major indicators, showing the exact volumes and values for each individual country, covered in the report;

Volume, dynamics and analysis of domestic production (past, current and future);

Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future);

Volume, dynamics and analysis of imports (past, current and future);

Volume, dynamics and analysis of exports (past, current and future);

Volume, dynamics and analysis of consumption (past, current and future);

Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Governmental structures, etc.) and the competitive landscape;

Profiles of the main companies, producing phenols in North East Asia along with their overall production capacities;

Value chain analysis and structure of price formation;

Analysis of the factors, influencing the market development (market growth drivers, restraints, recent state programs, etc.);

Analysis and forecast of the trends and levels of supply and demand on the market;

Country opportunity analysis;

Analysis of the major trade flows;

Forecast for market development in the medium term (including three possible scenarios for development).

This report will allow you to:

Quickly and cost-effectively get a strategic analysis and gain competitive intelligence about the market;

Track market data, including size, value, segmentation, forecasts, dynamics and structure – past, present and future;

See the exact usage of phenols in North East Asia by main applications/product groups in the last five years and a forecast for its development in the medium term;

Evaluate the overall installed capacities used for the production of phenols in North East Asia and their utilization rates in the last five years and a forecast for their development in the medium term;

Strategically assess the competitive position of the main domestic producers, along with their overall installed capacities and production techniques;

Get and compare information at both aggregate level (for the whole region) and for each individual country, covered in the report;

Explore and identify new market opportunities in the countries and regions within

the market;

Track and identify key market trends, opportunities and threats and key drivers behind recent market changes;

Strategically assess market growth potential, demand drivers and restraints on the market;

Evaluate the key macroeconomic indicators to get insight into the general trends within the economy;

See how the market performed in the past (over the last 5 years) and how it will perform in the future (in the next 5 years);

Get acquainted with the leading companies on the market;

Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment and understand competitive threats;

Empower your marketing, branding, strategy and market development, consumption and supply functions with useful market insights;

Build your investment strategy by assessing market attractiveness or company attractiveness;

Build your own market entry or market expansion strategy or evaluate your current strategy;

Add value to pitches and presentations by using official and accurate data and calculations.

This is the most comprehensive report covering the phenols market in North East Asia currently available! We also offer similar reports, covering every global country, region and the world as an overall and offer special terms for bundle purchases. So, if you are interested in the phenols market in North East Asia, this research report will provide you with a strategic analysis of the market, its recent and future development. In addition, the report will save you time and money while presenting you all the necessary information, empowering you to make informed decisions and move your business

forward!

Contents

1. INTRODUCTION

- 1.1. Report description
- 1.2. Research methodology

2. EXECUTIVE SUMMARY

3. CHARACTERISTICS OF PHENOLS

4. CHARACTERISTICS AND ANALYSIS OF THE RAW MATERIALS BASE

5. STATE OF THE ECONOMY OF NORTH EAST ASIA

- 5.1. Characteristics of the economy of North East Asia in 2014-2018
- 5.2. Forecast for the development of the economy of North East Asia for 2019-2021

6. OVERVIEW AND ANALYSIS OF THE PHENOLS MARKET IN NORTH EAST ASIA

- 6.1. Volume, value and dynamics of the phenols market in North East Asia in 2014-2018
- 6.2. Structure of the phenols market in North East Asia in 2014-2018: production, imports, exports, consumption
- 6.3. Structure of the phenols market in North East Asia in 2014-2018 by origin
- 6.4. Structure of the phenols market in North East Asia in 2014-2018 by country
- 6.5. Structure of the phenols market in North East Asia in 2014-2018 by application/main product groups and forecast for its development in the medium term
- 6.6. Key recent trends on the phenols market in North East Asia
- 6.7. Competitive landscape of the market
- 6.8. Country opportunity analysis
- 6.9. Key drivers and restraints for the market development in the medium term

7. OVERVIEW AND ANALYSIS OF THE DOMESTIC PRODUCTION OF PHENOLS IN NORTH EAST ASIA

- 7.1. Volume, distribution and dynamics of the installed capacities for the production of phenols in North East Asia broken down by country in the last 5 years and forecast for their development in the medium term

7.2. Volume and dynamics of the average annual utilization rates used for the production of phenols in North East Asia in the last 5 years and forecast for their development in the medium term

7.3. Volume, value and dynamics of the domestic production of phenols in North East Asia in 2014-2018 and forecast for 2019-2024

7.4. Structure of the North East Asian production of phenols in 2014-2018 by countries

7.5. Characteristics of the main producers of phenols in North East Asia along with their exact installed capacities and used production techniques in the last 5 years and forecast for their development in the medium term

8. CHARACTERISTICS AND ANALYSIS OF THE PRICES OF PHENOLS IN NORTH EAST ASIA

8.1. Value chain analysis

8.2. Structure of price formation

8.3. Characteristics of the producer prices of phenols in North East Asia in 2014-2018

8.4. Characteristics of other prices of phenols

9. TRADE BALANCE OF THE FOREIGN TRADE OPERATIONS OF PHENOLS IN NORTH EAST ASIA

9.1. Trade balance of the foreign trade operations of phenols in North East Asia in 2014-2018

10. OVERVIEW AND ANALYSIS OF THE IMPORTS OF PHENOLS TO THE NORTH EAST ASIAN MARKET

10.1. Volume, value and dynamics of the imports of phenols to North East Asia in 2014-2018

10.2. Major trade inflows of phenols imports to North East Asia in 2014-2018

10.3. Structure of the imports of phenols in 2014-2018 by importing countries

10.4. Average prices of the phenols, imported to North East Asia in 2014-2018

11. OVERVIEW AND ANALYSIS OF THE NORTH EAST ASIAN EXPORTS OF PHENOLS

11.1. Volume, value and dynamics of the North East Asian exports of phenols in 2014-2018

11.2. Major trade outflows of phenols exports from North East Asia in 2014-2018

11.3. Structure of the North East Asian exports of phenols in 2014-2018 by exporting countries

11.4. Average prices of the North East Asian exports of phenols in 2014-2018

12. CHARACTERISTICS OF THE CONSUMPTION OF PHENOLS IN NORTH EAST ASIA

12.1. Volume, value and dynamics of the consumption of phenols in North East Asia in 2014-2018

12.2. Structure of the consumption of phenols in North East Asia in 2014-2018 (by origin, by channel, by country)

12.4. Volume, value and dynamics of the per capita consumption of phenols in North East Asia in 2014-2018

12.5. Balance between domestic supply and domestic demand on the phenols market in North East Asia in 2014-2018 and forecast for its development in the medium term

13. FORECAST FOR DEVELOPMENT OF THE PHENOLS MARKET IN NORTH EAST ASIA IN 2019-2024

13.1. Factors, influencing the development of the phenols market in North East Asia in the medium term

13.2. Forecast for market development in the medium term under three possible scenarios

LIST OF FIGURES

Volume and dynamics of the phenols market in North East Asia in 2014-2018

Value and dynamics of the phenols market in North East Asia in 2014-2018

Structure of the phenols market in North East Asia in 2014-2018, in volume terms

Structure of the phenols market in North East Asia in 2014-2018, in value terms

Structure of the phenols market in North East Asia by origin in volume terms in 2014-2018

Structure of the phenols market in North East Asia by origin in value terms in 2014-2018

Structure of the phenols market in North East Asia by country in 2014-2018, in volume terms

Structure of the phenols market in North East Asia by country in 2014-2018, in value terms

Structure of the phenols market in North East Asia by application/main product groups in 2014-2018, in volume terms

Forecast for the structure of the phenols market in North East Asia by application/main product groups in 2019-2024, in volume terms

Volume and dynamics of the installed capacities for the production of phenols in North East Asia in 2014-2018 by main countries

Volume and dynamics of the installed capacities for the production of phenols in North East Asia in 2014-2018 by main companies

Forecast for the installed capacities for the production of phenols by main countries in North East Asia in 2019-2024

Forecast for the installed capacities for the production of phenols by main companies in North East Asia in 2019-2024

Volume and dynamics of the average annual utilization rates used for the production of phenols in North East Asia in 2014-2018

Forecast for the average annual utilization rates used for the production of phenols in North East Asia in 2019-2024

Volume and dynamics of the domestic production of phenols in North East Asia in 2014-2018

Value and dynamics of the domestic production of phenols in North East Asia in 2014-2018

Structure of the domestic production of phenols in North East Asia by producing countries in 2014-2018, in volume terms

Structure of the domestic production of phenols in North East Asia by producing countries in 2014-2018, in value terms

Forecast for the production of phenols in North East Asia in 2019-2024

Structure of the domestic producers of phenols by overall installed production capacities in North East Asia in 2014-2018 and forecast for their development in 2019-2024

Value chain analysis of the phenols market in North East Asia

Structure of the phenols price formation in North East Asia, in %

Volume and dynamics of the average producer prices of phenols in North East Asia in 2014-2018

Deviation of the average producer prices of phenols in North East Asia in 2014-2018 by producing countries

Volume and dynamics of other prices of phenols in North East Asia (wholesale, distributor, retail, etc.) in 2014-2018

Trade balance of phenols foreign trade in North East Asia in 2014-2018, in volume terms

Trade balance of phenols foreign trade in North East Asia in 2014-2018, in value terms

Trade balance of phenols foreign trade in North East Asia by trading countries in 2014-2018, in volume terms

Trade balance of phenols foreign trade in North East Asia by trading countries in

2014-2018, in value terms

Volume and dynamics of the imports of phenols to North East Asia in 2014-2018

Value and dynamics of the imports of phenols to North East Asia in 2014-2018

Main countries, exporting phenols to North East Asia in 2014-2018, in volume terms

Main countries, exporting phenols to North East Asia in 2014-2018, in value terms

Structure of the imports of phenols to North East Asia by importing countries in

2014-2018, in volume terms

Structure of the imports of phenols to North East Asia by importing countries in

2014-2018, in value terms

Average prices of the phenols, imported to North East Asia in 2014-2018

Average prices of the phenols, imported to North East Asia in 2014-2018 by importing countries

Volume and dynamics of the North East Asian exports of phenols in 2014-2018

Value and dynamics of the North East Asian exports of phenols in 2014-2018

Recipient countries of the North East Asian exports of phenols in 2014-2018, in volume terms

Recipient countries of the North East Asian exports of phenols in 2014-2018, in value terms

Structure of the North East Asian exports of phenols by exporting countries in 2014-2018, in volume terms

Structure of the North East Asian exports of phenols by exporting countries in 2014-2018, in value terms

Average prices of the North East Asian exports of phenols in 2014-2018

Average prices of the North East Asian exports of phenols in 2014-2018 by exporting countries

Volume and dynamics of the consumption of phenols in North East Asia in 2014-2018

Value and dynamics of the consumption of phenols in North East Asia in 2014-2018

Structure of the consumption of phenols in North East Asia in 2014-2018, in volume terms

Structure of the consumption of phenols in North East Asia in 2014-2018, in value terms

Structure of the consumption of phenols in North East Asia by consuming countries in 2014-2018

Volume and dynamics of the per capita consumption of phenols in North East Asia in 2014-2018

Value and dynamics of the per capita consumption of phenols in North East Asia in 2014-2018

Balance between domestic supply and domestic demand on the phenols market in North East Asia in 2014-2018, in volume terms

Balance between domestic supply and domestic demand on the phenols market in

North East Asia in 2014-2018, in value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the base scenario), in volume and value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the pessimistic scenario), in volume and value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the optimistic scenario), in volume and value terms

About

ABOUT WMSTRATEGY

This report is 75% ready and is in completion stage. With each License, you will get an Excel sheet with all the quantitative information in up to 1 working day after your purchase, which will allow you to start working with the data immediately! The final version of the research report will be presented up to 5 working days after your order. The report will be updated as of the current month of purchase. We also offer similar reports, covering every global country, region and the world as an overall and offer special terms for bundle purchases. Feel free to contact us for more information or to request a demo version!

Country opportunity analysis

Volume and dynamics of the installed capacities for the production of phenols in North East Asia in 2014-2018 by main countries

Volume and dynamics of the installed capacities for the production of phenols in North East Asia in 2014-2018 by main companies

Forecast for the installed capacities for the production of phenols by main countries in North East Asia in 2019-2024

Forecast for the installed capacities for the production of phenols by main companies in North East Asia in 2019-2024

Volume and dynamics of the average annual utilization rates used for the production of phenols in North East Asia in 2014-2018

Forecast for the average annual utilization rates used for the production of phenols in North East Asia in 2019-2024

Volume and dynamics of the domestic production of phenols in North East Asia in 2014-2018

Value and dynamics of the domestic production of phenols in North East Asia in

2014-2018

Structure of the domestic production of phenols in North East Asia by producing countries in 2014-2018, in volume terms

Structure of the domestic production of phenols in North East Asia by producing countries in 2014-2018, in value terms

Forecast for the production of phenols in North East Asia in 2019-2024

Structure of the domestic producers of phenols by overall installed production capacities in North East Asia in 2014-2018 and forecast for their development in 2019-2024

Value chain analysis of the phenols market in North East Asia

Cost breakdown of the price formation of phenols in North East Asia, in %

Volume and dynamics of the average producer prices of phenols in North East Asia in 2014-2018

Volume and dynamics of the average producer prices of phenols in North East Asia by producing countries in 2014-2018

Volume and dynamics of other prices of phenols in North East Asia (wholesale, distributor, retail, etc.) in 2014-2018

Trade balance of phenols foreign trade in North East Asia in 2014-2018, in volume terms

Trade balance of phenols foreign trade in North East Asia in 2014-2018, in value terms

Trade balance of phenols foreign trade in North East Asia by trading countries in 2014-2018, in volume terms

Trade balance of phenols foreign trade in North East Asia by trading countries in 2014-2018, in value terms

Volume and dynamics of the imports of phenols to North East Asia in 2014-2018

Value and dynamics of the imports of phenols to North East Asia in 2014-2018

Main countries, exporting phenols to North East Asia in 2014-2018, in volume terms

Main countries, exporting phenols to North East Asia in 2014-2018, in value terms

Structure of the imports of phenols to North East Asia by importing countries in 2014-2018, in volume terms

Structure of the imports of phenols to North East Asia by importing countries in 2014-2018, in value terms

Average prices of the phenols, imported to North East Asia in 2014-2018

Average prices of the phenols, imported to North East Asia in 2014-2018 by importing countries

Volume and dynamics of the North East Asian exports of phenols in 2014-2018

Value and dynamics of the North East Asian exports of phenols in 2014-2018

Recipient countries of the North East Asian exports of phenols in 2014-2018, in volume terms

Recipient countries of the North East Asian exports of phenols in 2014-2018, in value

terms

Structure of the North East Asian exports of phenols by exporting countries in 2014-2018, in volume terms

Structure of the North East Asian exports of phenols by exporting countries in 2014-2018, in value terms

Average prices of the North East Asian exports of phenols in 2014-2018

Average prices of the North East Asian exports of phenols in 2014-2018 by exporting countries

Volume and dynamics of the consumption of phenols in North East Asia in 2014-2018

Value and dynamics of the consumption of phenols in North East Asia in 2014-2018

Structure of the consumption of phenols in North East Asia in 2014-2018, in volume terms

Structure of the consumption of phenols in North East Asia in 2014-2018, in value terms

Structure of the consumption of phenols in North East Asia by consuming countries in 2014-2018

Volume and dynamics of the per capita consumption of phenols in North East Asia in 2014-2018

Value and dynamics of the per capita consumption of phenols in North East Asia in 2014-2018

Balance between domestic supply and domestic demand on the phenols market in North East Asia in 2014-2018, in volume terms

Balance between domestic supply and domestic demand on the phenols market in North East Asia in 2014-2018, in value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the base scenario), in volume and value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the pessimistic scenario), in volume and value terms

Forecast for the total demand for phenols in North East Asia in 2019-2024 (under the framework of the optimistic scenario), in volume and value terms
