Abstracts

This report presents a comprehensive overview of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal and a forecast for its development in the next five years, taking into account the impact of COVID-19 on it. It provides a detailed analysis of the market, its dynamics, structure, characteristics, main players, growth and demand drivers, etc.

The purpose of the report is to describe the state of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and consumption and to build a forecast for the market in the medium term, taking into account the impact of COVID-19 on it. In addition, the report presents an elaborate analysis of the main market participants, the price fluctuations, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using the unique WMStrategy's methodology, including a blend of qualitative and quantitative data. The information comes from official sources and insights from market experts (representatives of the main market participants), gathered by semi-structured interviews.

The report on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal includes:

Analysis and forecast for the economy of Portugal;

Analysis and forecast for development of the market volume (market size), value and dynamics;

Market structure (by origin, by types of products, etc.);

Volume, dynamics and analysis of domestic production (past, current and future);

Analysis of price levels (wholesale, retail, distributors, etc.) and their dynamics (past, current and future);

Volume, dynamics and analysis of imports (past, current and future);

Volume, dynamics and analysis of exports (past, current and future);

Volume, dynamics and analysis of consumption (past, current and future);

Characteristics of the main market participants (manufacturers, distributors, wholesalers, retailers, importers, exporters, Governmental structures, etc.) and the competitive landscape;

Value chain analysis;

Analysis of the factors, influencing the development of the market (market growth drivers, restraints, recent state programs, etc.);

Analysis and forecast of the trends and levels of supply and demand on the market;

Forecast for development of the market in the medium term, taking into account the impact of COVID-19 on it (including three possible scenarios for development).

This report will allow you to:

Quickly and cost-effectively gain competitive intelligence about the market;

Track market data, including size, value, segmentation, forecasts, dynamics and

structure – past, present and future;

Track and identify key market trends, opportunities and threats and key drivers behind recent market changes;

Strategically assess market growth potential, demand drivers and restraints on the market;

Evaluate the key macroeconomic indicators to get insight into the general trends within the economy;

See how the market performed in the past (over the last 5 years) and how it will perform in the future, taking into account the impact of COVID-19 on it (in the next 5 years);

Get acquainted with the leading companies on the market (manufacturers, distributors, wholesalers, retailers, importers, exporters, Government structures, etc.);

Evaluate how diversified the market is in terms of competitive intensity, fragmentation and environment and understand competitive threats;

Empower your marketing, branding, strategy and market development, consumption and supply functions with useful market insights;

Build your investment strategy by assessing market attractiveness or company attractiveness;

Build your own market entry or market expansion strategy or evaluate your current strategy;

Add weight to pitches and presentations by using official and accurate data and calculations.

If you are interested in the medium and high voltage boards and panels for control and distribution of electricity market in Portugal, this research report will provide you with invaluable analysis of the market, its recent and future development. In addition, the report will save you time and money while presenting you all the necessary information,

empowering you to make informed decisions and move your business forward!

Contents

(The contents are just preliminary - contact us for a demo version, including the full Table of contents)

1. INTRODUCTION

- 1.1. Report description
- 1.2. Research methodology

2. EXECUTIVE SUMMARY

3. CHARACTERISTICS OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY

4. CHARACTERISTICS OF RAW MATERIALS

5. STATE OF THE ECONOMY OF PORTUGAL

- 5.1. Characteristics of the economy of Portugal in the last 5 years
- 5.2. Forecast for the development of the economy of Portugal for the next 3 years

6. OVERVIEW AND ANALYSIS OF THE MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY MARKET IN PORTUGAL

- 6.1. Volume, value and dynamics of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years
- 6.2. Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years: production, imports, exports, consumption
- 6.3. Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity
- 6.4. Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by origin
- 6.5. Key recent trends on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal
- 6.6. Competitive landscape of the market

- 6.7. Key drivers and restraints for the market development in the medium term
- 6.8. Forecast for development of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal for the next 5 years

7. OVERVIEW AND ANALYSIS OF THE DOMESTIC PRODUCTION OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY IN PORTUGAL

- 7.1. Business tendencies in the industrial production in Portugal in the last 5 years
- 7.2. Volume, value and dynamics of the domestic production of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years
- 7.3. Structure of the domestic production of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity
- 7.4. Share of Portugal in the European production of medium and high voltage boards and panels for control and distribution of electricity
- 7.5. Characteristics of the main producers of medium and high voltage boards and panels for control and distribution of electricity in Portugal

8. CHARACTERISTICS AND ANALYSIS OF THE PRICES OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY IN PORTUGAL

- 8.1. Value chain analysis
- 8.2. Structure of price formation
- 8.3. Characteristics of the producer prices of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years
- 8.4. Characteristics of other prices of medium and high voltage boards and panels for control and distribution of electricity

9. FOREIGN TRADE OPERATIONS OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY IN PORTUGAL

- 9.1. General foreign trade operations of Portugal
- 9.2. Foreign trade operations of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

10. OVERVIEW AND ANALYSIS OF THE IMPORTS OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY TO THE PORTUGUESE MARKET

- 10.1. Volume, value and dynamics of the imports of medium and high voltage boards and panels for control and distribution of electricity to Portugal in the last 5 years
- 10.2. Main countries, importing medium and high voltage boards and panels for control and distribution of electricity to Portugal
- 10.3. Structure of the imports of medium and high voltage boards and panels for control and distribution of electricity by types of products
- 10.4. Share of Portugal in the European imports of medium and high voltage boards and panels for control and distribution of electricity
- 10.5. Domestic companies, main importers of medium and high voltage boards and panels for control and distribution of electricity to the Portuguese market

11. OVERVIEW AND ANALYSIS OF THE PORTUGUESE EXPORTS OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY

- 11.1. Volume, value and dynamics of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years
- 11.2. Recipient countries of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity
- 11.3. Structure of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity by types of products
- 11.4. Share of Portugal in the European exports of medium and high voltage boards and panels for control and distribution of electricity
- 11.5. Domestic companies, main exporters of medium and high voltage boards and panels for control and distribution of electricity from the territory of Portugal

12. CHARACTERISTICS OF THE CONSUMPTION OF MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY IN PORTUGAL

- 12.1. Volume, value and dynamics of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years
- 12.2. Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years (by origin, by channel, etc.)

12.3. Volume, value and dynamics of the per capita consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

12.4. Balance between supply and demand on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years and forecast for the next 5 years

13. FORECAST FOR DEVELOPMENT OF THE MEDIUM AND HIGH VOLTAGE BOARDS AND PANELS FOR CONTROL AND DISTRIBUTION OF ELECTRICITY MARKET IN PORTUGAL FOR THE NEXT 5 YEARS

13.1. Factors, influencing the development of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the medium term

13.2. Forecast for market development in the medium term under three possible scenarios

About WMStrategy

By purchasing this report, you get 15% free customization - its structure and contents can be amended based on your specific requirements and goals. The report will be updated as of the current month of purchase.

This report is 75% ready and is in completion stage. The final version of the research report will be presented up to 5 working days after your order. Feel free to contact us for more information or to request a demo version, including the full Table of contents!

List Of Tables

LIST OF TABLES

Key indicators on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years

Key indicators of the economy of Portugal in the last 5 years

Forecast for the economy of Portugal for the next 3 years

Volume and dynamics of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years

Value and dynamics of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years, in physical terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years, in value terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by origin in the last 5 years, in physical terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by origin in the last 5 years, in value terms

Key business tendencies in the industrial production in Portugal in the last 5 years

Volume and dynamics of the domestic production of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Value and dynamics of the domestic production of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Structure of the domestic production of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the domestic production of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Value chain analysis of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal

Cost breakdown of the price formation of medium and high voltage boards and panels for control and distribution of electricity in Portugal, in %

Volume and dynamics of the average producer prices of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Volume and dynamics of other prices of medium and high voltage boards and panels for control and distribution of electricity in Portugal (wholesale, distributor, retail, etc.) in the last 5 years

Foreign trade turnover by main commodities, in physical and value terms

Foreign trade operations by main partner countries, in value terms

Trade balance of medium and high voltage boards and panels for control and distribution of electricity foreign trade in Portugal in the last 5 years, in physical terms

Trade balance of medium and high voltage boards and panels for control and distribution of electricity foreign trade in Portugal in the last 5 years, in value terms

Volume and dynamics of the imports of medium and high voltage boards and panels for control and distribution of electricity to Portugal in the last 5 years

Value and dynamics of the imports of medium and high voltage boards and panels for control and distribution of electricity to Portugal in the last 5 years

Main countries, importing medium and high voltage boards and panels for control and distribution of electricity to Portugal in the last 5 years, in physical terms

Main countries, importing medium and high voltage boards and panels for control and distribution of electricity to Portugal in the last 5 years, in value terms

Structure of the imports of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in physical terms

Structure of the imports of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in value terms

Volume and dynamics of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years

Value and dynamics of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years

Recipient countries of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in physical terms

Recipient countries of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in value terms

Structure of the Portuguese exports of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in physical terms

Structure of the Portuguese exports of medium and high voltage boards and panels for

control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity in the last 5 years, in value terms

Volume and dynamics of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Value and dynamics of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years, in physical terms

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years, in value terms

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Volume and dynamics of the per capita consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Value and dynamics of the per capita consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Balance between supply and demand on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years and forecast for the next 5 years, in physical terms

Balance between supply and demand on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years and forecast for the next 5 years, in value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the base scenario), in physical and value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the pessimistic scenario), in physical and value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the optimistic scenario), in physical and value terms

Information, presented in figures

(This list is preliminary - contact us for a demo version, including the full Table of

contents)

Volume and dynamics of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years

Value and dynamics of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years, in physical terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years, in value terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by origin in physical terms in the last 5 years

Structure of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal by origin in value terms in the last 5 years

Volume and dynamics of the domestic production of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Value and dynamics of the domestic production of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Structure of the domestic production of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the domestic production of medium and high voltage boards and panels for control and distribution of electricity by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Value chain analysis of the medium and high voltage boards and panels for control and distribution of electricity market in Portugal

Structure of the medium and high voltage boards and panels for control and distribution of electricity price formation in Portugal, in %

Deviation of the average producer prices of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Structure of the foreign trade turnover by main commodities, in physical and value terms

Structure of the foreign trade operations by main partner countries, in value terms

Trade balance of medium and high voltage boards and panels for control and

distribution of electricity foreign trade in Portugal in the last 5 years, in physical terms
Trade balance of medium and high voltage boards and panels for control and
distribution of electricity foreign trade in Portugal in the last 5 years, in value terms
Volume and dynamics of the imports of medium and high voltage boards and panels for
control and distribution of electricity to Portugal in the last 5 years
Value and dynamics of the imports of medium and high voltage boards and panels for
control and distribution of electricity to Portugal in the last 5 years
Main countries, importing medium and high voltage boards and panels for control and
distribution of electricity to Portugal in the last 5 years, in physical terms
Main countries, importing medium and high voltage boards and panels for control and
distribution of electricity to Portugal in the last 5 years, in value terms
Volume and dynamics of the imports of medium and high voltage boards and panels for
control and distribution of electricity by types of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years
Value and dynamics of the imports of medium and high voltage boards and panels for
control and distribution of electricity by types of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years
Volume and dynamics of the Portuguese exports of medium and high voltage boards
and panels for control and distribution of electricity in the last 5 years
Value and dynamics of the Portuguese exports of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years
Recipient countries of the Portuguese exports of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years, in physical terms
Recipient countries of the Portuguese exports of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years, in value terms
Structure of the Portuguese exports of medium and high voltage boards and panels for
control and distribution of electricity by types of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years, in physical terms
Structure of the Portuguese exports of medium and high voltage boards and panels for
control and distribution of electricity by types of medium and high voltage boards and
panels for control and distribution of electricity in the last 5 years, in value terms
Volume and dynamics of the consumption of medium and high voltage boards and
panels for control and distribution of electricity in Portugal in the last 5 years
Value and dynamics of the consumption of medium and high voltage boards and panels
for control and distribution of electricity in Portugal in the last 5 years
Structure of the consumption of medium and high voltage boards and panels for control
and distribution of electricity in Portugal in the last 5 years, in physical terms
Structure of the consumption of medium and high voltage boards and panels for control
and distribution of electricity in Portugal in the last 5 years, in value terms

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in physical terms

Structure of the consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal by types of medium and high voltage boards and panels for control and distribution of electricity, in value terms

Volume and dynamics of the per capita consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Value and dynamics of the per capita consumption of medium and high voltage boards and panels for control and distribution of electricity in Portugal in the last 5 years

Balance between supply and demand on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years and forecast for the next 5 years, in physical terms

Balance between supply and demand on the medium and high voltage boards and panels for control and distribution of electricity market in Portugal in the last 5 years and forecast for the next 5 years, in value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the base scenario), in physical and value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the pessimistic scenario), in physical and value terms

Forecast for the total supply of medium and high voltage boards and panels for control and distribution of electricity in Portugal for the next 5 years (under the framework of the optimistic scenario), in physical and value terms

I would like to order

Product name: Portugal: Market of Medium and High Voltage Boards and Panels for Control and Distribution of Electricity and the Impact of COVID-19 in the Medium Term

Product link: <https://marketpublishers.com/r/PACD0ABD1079EN.html>

Price: US\$ 1,999.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
