Abstracts

The report covers forecast and analysis for the anti-aging market on a global and regional level. The study provides historic data of 2015 along with a forecast from 2016 to 2021 based on revenue (USD billion). The study includes drivers and restraints for the anti-aging market along with the impact they have on the demand over the forecast period. Additionally, the report includes the study of opportunities available in the anti-aging market on a global level.

In order to give the users of this report a comprehensive view on the anti-aging market, we have included a detailed segmentation of anti-aging. To understand the competitive landscape in the market, an analysis of Porters Five Forces model for the anti-aging market has also been included. The study encompasses a market attractiveness analysis, wherein product segments, and processed product segments are benchmarked based on their market size, growth rate and general attractiveness.

The study provides a decisive view on the anti-aging market by segmenting the market based on product, Botox, anti-wrinkle products, anti-stretch mark products, and others. All the product segments have been analyzed based on present and future trends and the market is estimated from 2014 to 2020. The anti-aging service segment includes anti-pigmentation therapy, anti-adult acne therapy, breast augmentation, liposuction, chemical peel, hair restoration treatment, and others. The regional segmentation includes the current and forecast demand for North America, Europe, Asia-Pacific and Rest of the world. This segmentation includes demand for anti-aging based on individual applications in all the regions.

The report also includes detailed profiles of end players Personal Microderm, Alma Lasers Ltd, LOreal, Allergan Inc, Cynosure Inc., Solta Medical Inc, Beiersdorf AG and among others.
